EDUCATION

Olin Business School, Washington University (WashU Olin), St. Louis, MO, USA 08/2023 - 12/2024
M.S. in Business Analytics (Financial Technology) **GPA: 3.96/4.00**

Honors: Outstanding Student Award **for Highest Academic Achievement**, Charles F. Knight Scholar, BGS

PhD-Level Coursework: Corporate Finance Theory (A, **ranked 1/5**), Asset Pricing (A), Microeconomic Theory (A)

Central University of Finance and Economics (CUFE), Beijing, China 08/2019 - 06/2023
B.S. in International Economics & Financial Risk Management **GPA: 90.21/100**

RESEARCH EXPERIENCE

Economics of Credit Products

Research Assistant for Armando Gomes (WashU Olin) Since 01/2025

- Designed and implemented a dynamic optimization model of credit and durable-goods choice in Python using Numba JIT to study equilibria and welfare effects of a unique credit product.
- Refined and expanded the solution method through multiple generations of iteration and convergence designs, improving stability, efficiency, and scalability across model specifications and parameter ranges.
- Applied the finalized framework to analyze how a randomized-shock financial product alters household saving and durable-purchase behavior, quantifying its welfare and distributional implications.

Empirical Mergers & Acquisitions Dynamics

Research Assistant for Brett Green (WashU Olin) Since 01/2025

- Automated M&A deal-bidder-offer characteristic collection from SEC proxy statements as part of a project studying bid-term implied valuation discounts, creating a reproducible and robust pipeline.
- Developed a modular local LLM-LoRA system with paragraph-level traceability, yielding reliable bidder and offer data and addressing common LLM failures.
- Designed an extensible framework for processing new filings and incorporating additional features, supporting long-term scalability with minimal human input.

Empirical Corporate Finance

Research Assistant for Margarita Tsoutsoura (WashU Olin) Since 05/2024

- Built empirical infrastructure at the worker, firm, and policy level for projects on gender representation, political landscape, and talent allocation in empirical corporate finance.
- Engineered large-scale Python pipelines that use web scraping, language models, and robust entity matching to turn unconventional data sources into clean panel datasets.
- Delivered new empirical measures including industry skill intensity, family office career paths, and trade basket unit values, that support identification in completed and ongoing projects.

Distinguishing LLM Authorship Through Linguistic Dimensions

Research Assistant for Gerald Onwujekwe (WashU Olin) 01/2024 - 11/2024

- Investigated computational linguistic dimensions to differentiate LLM/human authorship.

International Institute of Green Finance, CUFE

Research Analyst 02/2022 - 06/2022

- Evaluated the effectiveness and mechanism of China's national carbon market in reducing CO₂ emissions.
- Assessed ESG challenges in diamond production and recommended sustainable practices.

TEACHING EXPERIENCE

Teaching Assistant, WashU Olin

- Advanced Financial Management (Undergraduate, for Margarita Tsoutsoura) Spring 2025
- Advanced Corporate Finance I - Valuation (Graduate, for Yaron Leitner) Spring 2025
- A/B Testing (Undergraduate & Graduate, for Xiang Hui) Spring 2025
- Advanced Corporate Finance II - Financing (Graduate, for Yaron Leitner) Fall 2024
- Financial Markets (Graduate, for Yaron Leitner) Fall 2024
- Machine Learning (Graduate, for Durai Sundaramoorthi & Gerald Onwujekwe) Spring/Fall 2024
- Capital Market and Financial Management (Undergraduate, for Koray Sayili) Spring 2024

PROFESSIONAL EXPERIENCE

China International Capital Corporation (CICC)

FICC Product Specialist 03/2023 - 06/2023

- Investment Research on CLO, ABS, & REIT: fundamental analysis, structuring, market analysis.

Capital Markets Intern

06/2022 - 12/2022

- Underwriting Support on Equity/Debt/Convertibles: risk modeling and assurance, market analysis.

China Merchants Securities

Investment Banking Intern

02/2022 – 06/2022

- Securitization Support: due diligence, quantitative modeling & analysis.

Ernst & Young (EY)

Wealth & Asset Management Consulting Assistant

12/2021 – 01/2022

- Conducted research on digital transformation for asset-management clients.

OTHER EXPERIENCE

- Entrepreneurship: Co-Founded “Yousee” Secondary Ticketing WebApp
- Volunteering: VP of Planning, CUFE Red Cross Society
- Interdisciplinary Contest in Modeling (ICM) – Honorable Mentions (2021)

SKILLS

- **Programming Proficiency:** Python, R, Stata, MATLAB, SQL, SAS, AWS, Hive, $\text{\LaTeX}$, WebDev
- **Languages:** Mandarin (native), English (95+ percentile in GRE/TOEFL), French (conversational)
